

# Highway Sign Recognition Study Sheet

## Missouri Department of Revenue

DOR-4869 (7-01)

**No Left Turn**

**No Right Turn**

**No U-Turn**

**No Trucks**

**Stop Sign**

You must wait until crossing vehicles and pedestrians have cleared. You must stop at the stop line if one is present even if it is located past the stop sign.

**Yield Sign**

A yield sign is triangular. It is red and white with red letters. It means you must slow down and yield the right-of-way to traffic in the intersection you are crossing or roadway you are entering.

**Do Not Enter Sign**

When you see this sign at roadway openings, do not enter this road.

**School Crossing**

Slow down. Watch for children crossing the road.

**Railroad Crossing**

The advance warning sign tells you that you are nearing a railroad crossing. Be prepared to stop.

**Slippery When Wet**

The road ahead becomes unusually slippery in wet weather. Drive carefully in these conditions.

**Signal Ahead**

There is a traffic light signal ahead on the road you are on. Be ready to stop.

**Intersection**

Another road crosses the road you are on. Watch carefully for traffic crossing your path.

**Curve Sign**

A curve sign is used to warn of a curve where the **recommended** speed is less than the posted speed limit for the highway.

**Merge**

Traffic from another road may be entering the road you are on. Be prepared for vehicles to move into your lane.

**Added Lane**

Traffic from another road will be entering the road you are on. No merging is necessary because a lane has been added.

**Begin Divided Roadway**

The road will soon become two-way traffic divided by a median or barrier.
